Pravin Electricals Pvt. Ltd. was established in the year 1986 and has continued to maintain a structured growth, which is reflected by our reputation for high quality installations and standards of service. As a modern multimillion turnover company, a high proportion of our work is derived from repeated business, the best possible recommendation.

Our in-house expertise covers, design, cost production, valued engineering and total project management. Pravin Electricals operates in key industrial, commercial and retail sectors featuring many projects in multi-storied offices, hotels, leisure industries, super markets, retail outlets and with many blue chip companies numbered amongst a varied portfolio. As a testimonial to our continuing high standards, some of those original accounts, including Hinduja, Reliance, Lodha, Indiabulls and Tata Group are still with us today. Since then, Pravin continues to grow today where we have offices in 8 locations and over 1500 full time employees. Even though we've expanded, we continue to build relationships based on trust.

“Pravin continues to grow today where we have offices in 8 locations and over 1500 full time employees. Even though we've expanded, we continue to build relationships based on trust.”

The ‘hands on’ approach of the directors, together with a strong team of dedicated Managers/Engineers and fully qualified specialists operating in all areas of electrical contracting, is the clients assurance of our professionalism underlined by our proactive approach and ability to deliver our projects within scheduled time.

Our in-depth knowledge of the industry enables us to work with our clients, understand their requirements and present innovative, cost effective solutions allowing us to produce the overall engineered scheme. We also have state of the art manufacturing units at Karjat & Goa for Cable Trays, Raceways and Panel Boards.

As Pravin looks towards the future, we are constantly adding new talent to our expert staff to keep our services & ideas fresh and energetic. We are always on track with upcoming developments in the industry.

Vision

Our Vision is to be the Leading Electrical Contracting and Service Company in India that is PROFESSIONAL in Presentation, Image and Workmanship. We promise to meet and exceed our customer's expectations in our service, safety, security, and to offer Quality products and services with 100 % satisfaction and guarantee.

Mission

Through skillful practice and attention to detail, we pledge to provide an excellent professional electrical services to our customers that is always value for money. Our mission, is to provide our customers with a quality electrical installation and services.

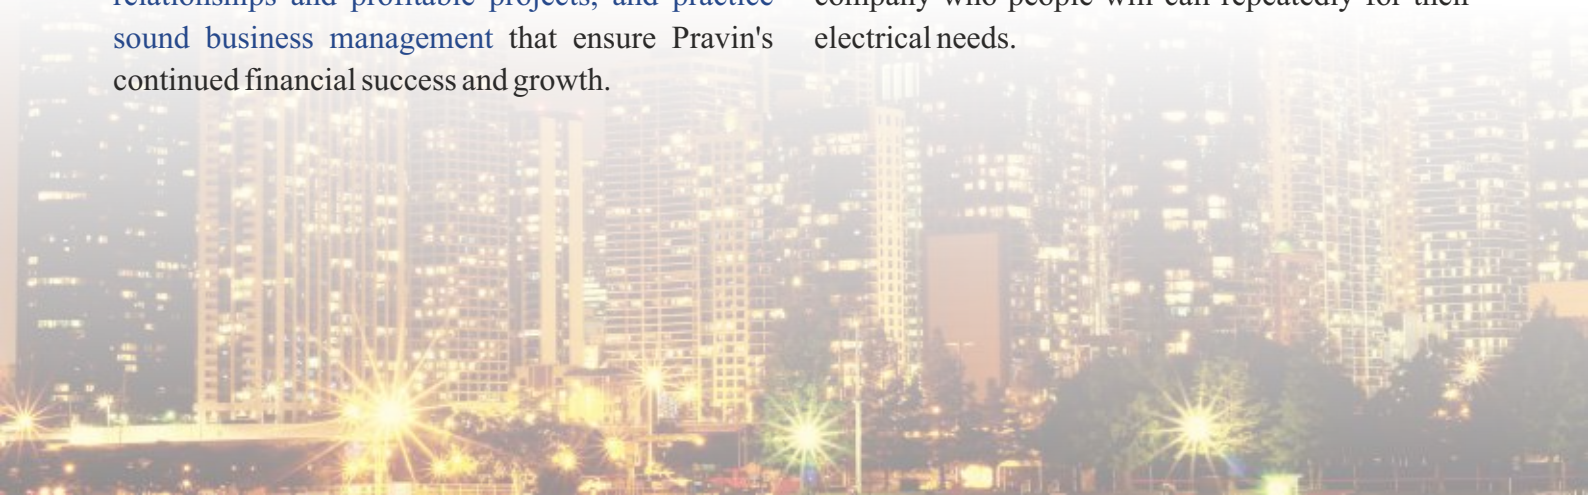

Leadership

Pravin's management will provide committed leadership towards achieving the company's mission and goals. We will strive to attract competent employees, provide training and resources to help them be successful, foster beneficial customer relationships and profitable projects, and practice sound business management that ensure Pravin's continued financial success and growth.

Reputation

Pravin will provide dependable services based on the needs of the customer, complete and handover in scheduled time, with competitive rates. Our goals are professionalism, quality, workmanship, and customer satisfaction – an honest and caring company who people will call repeatedly for their electrical needs.

Communication

Pravin strives to develop clear and effective communication in all company relationships. Written policies and verbal communication with employees in the field and office, clear contracting and timely billing communication with the customer, and effective procedures for working with our vendors and suppliers, and consistent marketing and public relations to promote the company and its services to our surrounding communities.

Relationship

Pravin exemplifies Christ-like relationships with employees, suppliers, and customers. Our attitude will be characterized by the willingness to be prompt and dependable, an appreciation for the relationship and the work it represents, a concern for the importance and urgency of other's needs, and a commitment to moral excellence in our business practices.

Staff & Training

Pravin maintains a trained, professional staff that understands the vision and mission of the company and can work together with management to achieve our company goals. This is accomplished through training, good communication, compensation and personal relationship.

Sales & Marketing

Pravin seeks to increase sales each year through development of customer relationship, aggressive bidding practices, and consistent marketing. Our goal is to become the No.1 electrical services company in India – the first company to call if electrical services are needed.

Quality Policy

It is the policy and overall business objective of Pravin Electricals Pvt. Ltd, to provide services of the highest quality and in compliance with the clients specified requirements.

The Company recognizes that genuine commitment to understand the present and future needs of its clients is essential to the achievement of these objectives and thus continually strives to ensure that the needs and reasonable expectations of the clients are realized in the quality of the services it provides.

By maintaining a documented quality system in compliance with ISO 9001:2015, the company can ensure that effective processes are used to identify and provide the required level of Quality. Monthly internal meetings are held to review the achieved results of the Quality System to ensure continuous improvement of the system and processes are maintained.

The management of the Company shall communicate, consult and advise employees on all quality issues relevant to the operation of its business. The Company is committed to the continued integration of improvements and therefore this policy is subject to annual review.

“It is the policy and overall business objective of the company to provide services of the highest quality and in compliance with the client’s specified requirements.”

Health, Safety and Environmental Policy

“Zero Accident Plan is Our MOTTO”

We firmly believe that Safety is not just “Compliance,” Safety is an attitude. It touches everything we do. “Safety Above Standard And Beyond...”

It is the policy of Pravin Electricals Pvt. Ltd. that , its operations are carried out at all times in such a way so as to ensure, it as reasonable and practical, the health, safety and welfare of all its employees and all other persons likely to be affected by its operations, including other contractors and members of the public. Pravin Electricals Pvt. Ltd. will at all times be committed to comply with health, safety environmental legislation, adopt industries best practices and ensure that all aspects of the business take proper account of health, safety and environmental requirements.

Every effort will be made to set standards that are the highest achievable, consistent with efficiency and technical excellence. In order to achieve this aim, training, instruction, formal procedures and monitoring systems are provided.

Individual responsibilities and arrangements are also set out in Pravin Electricals Pvt. Ltd. Health, Safety and Environmental Policy, which compliments this statement. The management of the Company shall communicate, consult and advise employees on all Health, Safety and Environmental issues relevant to the operation of its business.

The Company is committed to continuous integration of improvements and therefore this statement will be revised in accordance with any legislative or organizational changes under annual review. Customer and employee safety is the number one part of our job.

Our Motto

Zero Accident Plan
